## Who is Abeer Al Kobaisi

Dr. Abeer Al Kobaisi is a leading Consultant Plastic & Reconstructive Surgeon, recognized as one of the most prominent medical professionals in the GCC. As the region's first female plastic surgeon, she brings a unique perspective to a traditionally male-dominated field. Dr. Al Kobaisi founded her own clinic, "Dr. Abeer Al Kobaisi Clinic," establishing a specialized center dedicated to personalized, patient-centered care that goes beyond surgical expertise to meet the growing demand for excellence and comprehensive treatment. With over 15 years of experience in plastic and reconstructive surgery, Dr. Al Kobaisi specializes in a wide range of surgical and non-surgical procedures. Her career is distinguished by a commitment to the latest techniques and innovative medical solutions, always upholding the highest international standards of quality and safety. Her proven track record of outstanding results has earned her a reputation as a trusted and sought-after surgeon, not only in Bahrain but across the Gulf region. Dr. Al Kobaisi's vision is to elevate the standard of aesthetic healthcare through a patient-first approach. Her clinic stands as a beacon of trust and professionalism, offering tailored treatment plans designed to enhance self-confidence and achieve optimal aesthetic harmony. Through her practice, Dr. Al Kobaisi emphasizes the importance of building deep, trusted relationships with patients, ensuring the best possible outcomes with the utmost precision and professionalism.
