Who is Assad Hamzeh

Assad Hamzeh is a Jordanian Chartered Market Technician (CMT) and trader with over 25 years of experience in the global financial markets. Known online as "assadtrades," he has established a significant presence as an educator dedicated to developing independent and informed traders. His methodology emphasizes psychological discipline, a deep understanding of market dynamics, and the application of systematic risk management strategies, steering clear of get-rich-quick narratives. His professional history includes serving as a director for the UK-registered company AIMS TRADING LIMITED. Currently, Hamzeh focuses on mentorship, offering specialized training through live group programs and one-on-one coaching. These programs are designed to help traders build a comprehensive framework tailored to their individual goals and risk tolerance. Through his YouTube and Instagram platforms, he shares market analysis and insights on trading psychology, reinforcing his philosophy that successful trading is a journey of continuous skill and mental development. He has also collaborated with global platforms, notably featuring in a campaign for the cryptocurrency exchange OKX.

Achievements of Assad Hamzeh

Assad Hamzeh founded the educational brand "assadtrades," establishing it as a trusted platform for traders in the Arab world. Through it, he has trained hundreds of individuals via group and one-on-one mentorship programs, focusing on building systematic trading frameworks rather than just providing signals, thereby promoting a higher standard of professional trading practices. In 2024, Hamzeh was featured in the "Trade Like A Pro" campaign by the global cryptocurrency exchange OKX. This collaboration highlighted his expertise in technical analysis and risk management within the volatile crypto markets, positioning him as a leading professional trader and educator in the MENA region.
