Who is Basem Ashoor

Basem Ashoor is one of the leading consultant plastic and laser surgeons in Bahrain and the Gulf region, with over two decades of professional experience. He began his academic and clinical training at Salmaniya Medical Complex before moving to the UK, where he worked at Canniesburn Hospital in Glasgow, Scotland –one of Europe’s premier centers for plastic and reconstructive surgery. This period allowed him to refine his skills in the latest surgical and aesthetic techniques, including burn surgery, building a solid foundation of knowledge and expertise. Basem Ashoor holds a Fellowship from the Royal College of Surgeons in Ireland and the Arab Board of Surgery certification. He occupies prestigious academic and scientific positions, including Examiner and Faculty Member for Basic Surgical Skills at the Royal College of Surgeons in Ireland. He has played a pioneering role in Bahrain, serving as former Chairman of the Private Hospitals Committee at the Ministry of Health and as the first Chief Medical Officer for the Bahrain Formula 1 Grand Prix. These achievements reflect his commitment to professional excellence and his impactful contribution to the advancement of the healthcare sector. Basem Ashoor’s professional philosophy centers on delivering natural, attractive results for patients, with a focus on both the artistic and medical aspects of plastic surgery. His work extends beyond purely cosmetic procedures to include reconstructive surgeries for patients affected by trauma, cancer, or congenital conditions such as cleft lip. His center in Bahrain offers a comprehensive range of services, including breast surgery, advanced laser body contouring (Slimlipo), facial surgery, as well as laser, skin, and anti-aging treatments.
