## Who is Dr Hratch Saghbazarian

Dr Hratch Saghbazarian is recognized as one of Lebanon's leading cosmetic surgery consultants and among the most renowned surgeons in the region, celebrated for his extensive expertise and world-class surgical results. Dr Hratch has built his medical career on a solid scientific foundation and advanced studies in aesthetics and reconstructive surgery, making him a prominent Lebanese figure who has contributed significantly to the advancement of cosmetic surgery. Throughout his career, he has been distinguished by his ability to blend scientific precision with a refined aesthetic vision, becoming the top choice for patients seeking natural, harmonious results. Dr Hratch is known for his mastery of a wide range of surgical and non-surgical cosmetic procedures, including facial surgery, rhinoplasty, skin tightening, body contouring, liposuction, and rejuvenation treatments. He is also highly skilled in advanced reconstructive techniques and regenerative care, with a keen focus on the fine details of beauty and the balance between facial and body features. These skills have earned him a prestigious reputation as one of the most sought-after cosmetic surgeons in Lebanon, attracting both local and international patients. Throughout his professional journey, Dr Hratch has maintained the highest standards of professionalism and medical ethics, reinforcing his status as a pioneer in cosmetic surgery in the Middle East. His widespread reputation is built on a combination of clinical expertise, scientific research, and continuous engagement with the latest global advancements in aesthetic medicine. He has participated in numerous international conferences and made significant contributions to the modernization of cosmetic techniques in Lebanon and the region. Patients and industry professionals alike regard him as a role model in precise and advanced cosmetic surgery.
