Who is Dr. Khalid Al-Zahrani

Dr. Khalid Al-Zahrani is a distinguished Saudi consultant plastic surgeon specializing in liposuction, body contouring, and procedures following massive weight loss. He graduated with honors from King Saud University's College of Medicine in 2000 and became the first physician to graduate with honors from the Saudi Board of Plastic Surgery in 2007. To further refine his expertise, he completed a fellowship in Body Contouring After Massive Weight Loss in Iowa, USA, from 2009 to 2010. Dr. Al-Zahrani has held significant academic and professional roles, including serving as an Assistant Professor at King Saud University. He has also been the Chairman of the examination committee for the Saudi Board of Plastic Surgery and the Vice President of the Saudi Society of Plastic Surgery and Burns. Currently, he is the Head of the Plastic Surgery Department at Majesty Hospital in Riyadh, having previously practiced at Al Safwa Hospital. He is renowned for his expertise in advanced techniques like VASER and Power-Assisted Liposuction (PAL) and is a frequent media contributor, educating the public on safe and effective cosmetic procedures.

Achievements of Dr. Khalid Al-Zahrani

Dr. Al-Zahrani was the first physician to graduate with honors from the Saudi Board of Plastic Surgery, a distinction that highlights his early academic and professional excellence in this demanding field. He holds the distinction of being the first Saudi doctor certified as an official trainer for silicone implants in the Middle East, underscoring his trusted expertise and leadership position in the region. He authored the book "Al-Bandana," in which he shares ideas, advice, and stories from his professional journey as a plastic surgeon, offering unique insights into the pursuit of beauty and attractiveness from a medical and human perspective.
