Who is Dr. Marwan Alzarouni

Dr. Marwan Alzarouni is a renowned Emirati Consultant Plastic Surgeon recognized for his clinical excellence and expertise. He completed his specialized training in plastic surgery at Sahlgrenska University Hospital in Sweden, earning the Swedish Board in Plastic Surgery in 2005. He also completed a microsurgery fellowship at Chang Gung Memorial Hospital in Taiwan, equipping him to perform highly complex reconstructive procedures. Dr. Marwan currently serves as Head of Plastic Surgery at Clemenceau Medical Center Dubai (CMC) and is also a Consultant at the United Medical Center in Dubai. With over 17 years of experience, Dr. Alzarouni is known for his dedication to patient care and building long-term trust with his patients. He has successfully performed numerous high-profile cosmetic and reconstructive surgeries, including abdominal wall reconstruction, congenital deformity correction, as well as body contouring and post-weight loss procedures. Dr. Marwan has contributed to the field through published research on innovative reconstructive techniques, such as cellulite treatments and advanced skin grafting methods. He is an active member of the International Society of Aesthetic Plastic Surgery (ISAPS) and several other scientific bodies, and has chaired and organized regional conferences to promote knowledge exchange. Patients consistently praise his professionalism, surgical skill, and leadership, considering him a role model for medical excellence and humility. Dr. Marwan Alzarouni holds several key leadership roles in the UAE medical sector, most notably as Head of the Plastic Surgery Unit at Rashid Hospital, one of the largest government hospitals in the UAE, where he oversees the advancement of surgical practices and the adoption of cutting-edge techniques in plastic and reconstructive surgery. He also serves as President of the Emirates Plastic Surgery Society, reflecting his national reputation and expertise. In addition, Dr. Marwan is a Board Member at Beautiand Medical Center, further strengthening his role in medical supervision and the development of the cosmetic sector in the country.
