## Who is Dr Mustafa Abu Zaid

Dr Mustafa Abu Zaid is one of Kuwait's leading Consultant Plastic Surgeons, recognized for his global academic background and top-tier credentials. He holds the European Board of Plastic Surgery, completed a Plastic Surgery Fellowship at the University of Manitoba in Canada, and is a Fellow of the Royal College of Surgeons in Ireland—one of the highest medical accreditations worldwide. This diverse international experience has equipped him with extensive expertise and a refined surgical vision reflected in the quality and success of his procedures. Dr Mustafa Abu Zaid is highly skilled in a wide range of cosmetic surgeries, performing procedures such as: Rhinoplasty, Face and Neck Lifting, Liposuction & Body Contouring, Microsurgery, Reconstructive and Deformity Correction Surgeries. He utilizes the latest advancements in plastic surgery, upholding the highest standards of precision, safety, and naturally balanced results. His expertise has made him one of the most trusted surgeons among patients in Kuwait and the region. Dr Mustafa Abu Zaid is known for his comprehensive medical approach, emphasizing precise diagnosis and surgical planning based on a deep understanding of aesthetics and each patient's unique needs. He provides detailed consultations to ensure patients are fully informed before and after surgery, fostering trust and delivering an exceptional care experience. He remains committed to continuous learning, regularly attending the latest research conferences worldwide to keep his skills at the forefront and deliver procedures that meet global quality standards. With years of excellence in plastic and microsurgery, Dr Mustafa Abu Zaid has established himself as one of Kuwait's foremost Plastic Surgery Consultants. Renowned for achieving results that balance aesthetics and function, he is the first choice for many local and expatriate patients. Combining international expertise, clinical precision, and artistic vision, Dr Mustafa Abu Zaid sets a benchmark for plastic surgeons in Kuwait and continues to elevate the standards of the country's cosmetic medical sector.
