## Who is Dr. Rayan Alola

Dr. Rayan Alola is a Saudi consultant plastic and reconstructive surgeon with distinguished expertise in body contouring and post-bariatric surgery procedures. A graduate of King Saud University, Dr. Alola furthered his credentials by completing the Saudi Board of Plastic Surgery. He then pursued an advanced fellowship at the University of Toronto, Canada, where he specialized in complex reconstructive surgical techniques. Currently practicing at Reflect Clinic in Riyadh, Dr. Alola is known for his commitment to patient care and delivering outstanding results in aesthetic surgeries. His practice primarily focuses on helping patients achieve their desired body shape, particularly following significant weight loss. Dr. Alola is recognized for his innovative approach and dedication to staying at the forefront of surgical advancements. He actively engages with the public through his social media channels, providing educational content on procedures like liposuction and scar treatment, and has appeared on television programs such as "120" on Al Ekhbariya to discuss trends in cosmetic surgery.

## Achievements of Dr. Rayan Alola

Dr. Alola completed an advanced fellowship in complex reconstructive surgery at the University of Toronto, one of the world's leading medical universities. This specialized training equipped him with deep expertise in post-bariatric and body contouring surgeries, establishing him as a key reference in this field within Saudi Arabia. He has a significant media presence, notably appearing on the "120" program on the Al Ekhbariya news channel to discuss popular cosmetic surgery trends. In the interview, he highlighted that body contouring and liposuction are the most sought-after procedures, while also educating the public on the dangers of unapproved injectable fillers, underscoring his role in community health awareness.
