Who is Dr. Sari Rabah

Dr. Sari Rabah is a distinguished Saudi Consultant Plastic and Reconstructive Surgeon with extensive experience gained from his advanced training in Canada and a prominent career in Saudi Arabia. After graduating from King Saud University, he completed his specialization at McMaster University in Canada, earning his board certification and fellowship from the Royal College of Physicians and Surgeons of Canada. Dr. Rabah further enhanced his academic credentials with a Master's degree in Health Administration (MHA) with honors from the University of Minnesota, USA. Dr. Sari has held significant leadership positions, including Head of the Department of Surgery at King Fahd Medical City and King Abdullah University Hospital. He currently serves as a Consultant Plastic Surgeon at Beora Clinic in Riyadh, where he focuses on providing the latest techniques in facial aesthetics, body contouring, post-bariatric surgery, and breast procedures. Dr. Rabah is known for his approach that emphasizes natural-looking results to enhance his patients' self-confidence while adhering to the highest standards of safety and medical care.

Achievements of Dr. Sari Rabah

Dr. Sari Rabah is a Fellow of the Royal College of Physicians and Surgeons of Canada (FRCSC), a prestigious recognition of his surgical excellence. He also holds multiple specialized Canadian fellowships, including a fellowship in Reconstructive Microsurgery, a fellowship in Advanced Aesthetic Surgery, and a fellowship in Pediatric Craniofacial Surgery. Dr. Rabah has held senior academic and administrative leadership roles, most notably serving as the former Head of the Department of Surgery at both King Fahd Medical City and King Abdullah University Hospital. He also served as an Assistant Professor of Surgery at King Saud bin Abdulaziz University for Health Sciences, contributing to the education and training of the next generation of surgeons.
