Who is Dr.Waleed Alsalhi

Dr. Waleed Alsalhi is a distinguished Saudi consultant specializing in dermatology and cosmetic procedures, with a sub-specialty in trichology (hair and scalp diseases) and hair transplantation. He serves as an Assistant Professor at the College of Medicine, Majmaah University, combining a robust academic career with his clinical practice. Dr. Alsalhi is recognized for his extensive expertise, holding multiple board certifications, including the Saudi, Arab, and European boards in Dermatology and Venereology. His proficiency extends to aesthetic medicine, underscored by his fellowship with the American Board of Aesthetic Medicine. He further honed his expertise by completing a clinical fellowship in hair and nail diseases at the prestigious University of Miami in the United States, a world-renowned center for trichology. [3, 5] Dr. Alsalhi practices at specialized clinics such as Medica Clinics and LA Hair Clinics in Riyadh, where he provides cutting-edge treatments for hair loss, various skin conditions, and advanced cosmetic procedures. [4] He actively shares his knowledge and insights on skincare and hair health with the public through his social media platforms.

Achievements of Dr.Waleed Alsalhi

Dr. Waleed Alsalhi completed a highly specialized clinical fellowship in hair and nail diseases at the University of Miami, USA. This achievement signifies his commitment to advanced sub-specialization at one of the world's leading centers for trichology. [5] He holds multiple prestigious board certifications, including the Saudi Board, Arab Board, and European Board of Dermatology and Venereology. This demonstrates his comprehensive knowledge and clinical skills, meeting rigorous regional and international standards. [4] Dr. Alsalhi successfully completed the King Saud University Fellowship in Dermatology and is also a Fellow of the American Board of Aesthetic Medicine. This highlights his dual expertise in both the medical and cosmetic aspects of dermatological practice. [4] He holds an academic position as an Assistant Professor in the Department of Dermatology at the College of Medicine, Majmaah University. In this role, he contributes to the education and training of future physicians and has authored several research publications. [2, 4]
