Who is Dr. Ziad Alshaalan

Dr. Ziad Alshaalan is a prominent Saudi consultant in dermatology, dermatologic surgery, laser, and cosmetic procedures, blending academic expertise with advanced clinical practice. Since 2018, he has served as an Assistant Professor at Al Jouf University, where he also held the position of Head of Department in 2019, contributing to the education and training of the next generation of physicians. He is the founder of his private practice, Alma Mater Clinic, in Riyadh, which has become a well-regarded destination for advanced dermatological and aesthetic treatments. Dr. Alshaalan began his educational journey by earning his MBBS from Qassim University. Pursuing excellence, he completed a fellowship at the Albert Einstein College of Medicine in New York between 2019 and 2020, gaining exposure to the latest global techniques and practices. He also holds a Master of Medical Education (MME) from King Saud bin Abdulaziz University for Health Sciences, reflecting his passion for academia and professional development. With a strong media and digital presence under the handle "Ziaderma," Dr. Alshaalan shares educational content about skin health, cosmetic procedures like fillers, Botox, and laser treatments. He is known for his ability to simplify complex medical concepts, establishing him as a trusted source for the public. He has appeared on podcasts such as "A'alam Podcast" to discuss the medical and social dimensions of cosmetic medicine.

Achievements of Dr. Ziad Alshaalan

Dr. Alshaalan holds the position of Assistant Professor at the College of Medicine, Al Jouf University, where he is actively involved in academic and research activities. He previously served as the Head of the Dermatology Department at the university in 2019, demonstrating his leadership and administrative skills in an academic setting. Dr. Alshaalan is the founder of Alma Mater Clinic in Riyadh, a specialized center offering state-of-the-art services in dermatology, cosmetics, and laser treatments. The clinic has successfully built a strong reputation through its focus on quality and the use of advanced therapeutic technologies. Dr. Alshaalan has contributed to the medical field with research published in peer-reviewed scientific journals. His publications cover diverse topics including psoriasis, the expertise of primary care physicians in common dermatological conditions, and awareness of sunscreen use in Saudi Arabia, adding valuable knowledge to his specialty.
