Who is Durrat Al-Qadiri

Durrat Al-Qadiri is an Iraqi entrepreneur based in Belgium who has successfully merged her scientific background in pharmacy with her passion for the financial markets. After her career as a pharmacist, she transitioned into the world of trading and investing, founding DQ Academy, an educational platform dedicated to training and empowering traders in the financial markets. Through her academy, Durrat offers comprehensive educational content, including training courses, workshops, and trading strategies, aimed at enabling Arab traders to achieve success in the field. Durrat is known for her approach that integrates technical analysis with a deep understanding of market psychology. She delivers her content across multiple platforms, including Instagram, TikTok, and Telegram, where she shares daily analyses and market insights. Her work focuses on simplifying complex trading concepts and making them accessible to a broad audience, emphasizing the importance of risk management and psychological discipline. This has earned her a significant following within the Arab trading community.

Achievements of Durrat Al-Qadiri

Durrat Al-Qadiri founded the DQ Academy educational platform, which has become a key resource for many Arab traders seeking professional training content. The academy offers comprehensive courses covering various aspects of trading, from fundamentals to advanced strategies. She has successfully built an interactive community of traders through her Telegram channel, facilitating the continuous exchange of experiences and analysis. She has developed her own educational methodology that combines the technical and psychological aspects of trading, helping trainees better understand market dynamics and make informed decisions. Her content places a strong emphasis on the importance of discipline and capital management, which she considers fundamental to achieving consistency and success in the financial markets.
