## Who is Fatima Hadi Shaddad

Fatima Hadi Shaddad is a prominent legal figure in Kuwait, combining professional legal practice with specialized legal training. She manages her own private firm, Fatima Shaddad Advocates & Legal Consultants, where she provides a range of legal services. She is an active member of the Kuwait Bar Association and significantly contributes to the development of legal professionals as a member of the Training Body at the Kuwait Institute for Lawyers. In addition to her legal practice, Shaddad is a certified legal trainer, sharing her practical and academic expertise with new and trainee lawyers. She is also an author and a social activist in the legal field, dedicated to spreading awareness about legal rights and duties within the community. In November 2021, her firm signed a memorandum of cooperation with the UAE-based Nasser Alawar Advocates & Legal Consultants, reflecting her ambition to expand legal collaboration regionally. Her commitment to digital accessibility is evident through the launch of a dedicated mobile application for her firm to facilitate communication and consultations.

## Achievements of Fatima Hadi Shaddad

She established her own private practice, Fatima Shaddad Advocates & Legal Consultants, which provides a comprehensive suite of legal services in Kuwait. This achievement marks her professional independence and expertise in the field. She holds the position of Training Body Member at the Kuwait Institute for Lawyers, a prestigious institution under the Kuwait Bar Association. In this role, she plays a pivotal part in qualifying and training the new generation of lawyers in the country. Marking a step towards regional collaboration, she signed a strategic memorandum of cooperation with Nasser Alawar Advocates & Legal Consultants from the United Arab Emirates in November 2021. This partnership aims to exchange expertise and provide joint cross-border legal services.
