Who is Mahmoud Edelbi

Mahmoud Edelbi is a Syrian financial analyst and trading expert based in Dubai, with extensive experience in analyzing global financial markets, focusing on Forex, gold, stocks, and indices. He provides rich educational content through his YouTube channel and other social media platforms, sharing his daily and weekly analyses and advanced trading strategies. Edelbi is known for his deep focus on the psychological aspects of trading and risk management, drawing inspiration from experts like Mark Douglas. He regularly collaborates with global brokerage firms to deliver training seminars and webinars, including Swissquote Bank, Tickmill, iFOREX, and XS.com, aiming to empower Arab traders with the necessary knowledge and skills for informed investment decisions. In addition to his trading career, he served as a certified financial manager for Al-Bunya Group in Dubai for over a decade, which provided him with practical experience in financial management.

Achievements of Mahmoud Edelbi

Mahmoud Edelbi regularly presents online seminars and webinars in collaboration with leading banks and brokerage firms such as Swissquote Bank, Tickmill, and XS.com. These lectures focus on specialized topics like Volume Profile analysis, safe hedging strategies, and trading psychology, contributing to the financial education of traders in the region. He has successfully built an active educational community for Arab traders through his digital platforms, particularly his YouTube and Telegram channels. He provides live technical analysis, recommendations, and educational resources to help traders understand market dynamics and develop their own strategies, covering a wide range of assets including currencies, gold, oil, and stocks.
