Who is Matteo Vigo

Dr. Matteo Vigo is a renowned Italian plastic surgeon and a leading figure in cosmetic and reconstructive surgery in Dubai and the UAE. A graduate of the University of Milan in 2004, Dr. Vigo completed his residency at the Plastic Surgery and Burns Unit in Verona in 2005, building a strong academic and clinical foundation. With over two decades of experience, he has earned an international reputation for his expertise in breast surgery, facial contouring, and body sculpting, with a focus on achieving natural, harmonious results. Dr. Vigo is among the few surgeons licensed in the UAE to offer the innovative MIA Femtech breast augmentation technique, a minimally invasive procedure that allows patients to quickly resume their daily activities. He is deeply committed to research and development, regularly participating in international conferences and seminars, and actively training the next generation of surgeons. This dedication to innovation and continuous education places him at the forefront of his field in the region. Dr. Vigo's professional philosophy combines surgical precision with an artistic approach, ensuring patients' aesthetic expectations are met with the highest standards of safety and quality. He practices at the prestigious HealthBay Vitalia Center in Dubai, providing a comprehensive range of cosmetic procedures. His active and influential presence on social media reflects his transparency and commitment to educating the public about cosmetic surgery, further establishing him as a trusted authority in the field.
