Who is Mohamad Awais

Mohamad Awais is a multifaceted Palestinian professional who has built a distinguished career as both a digital media strategist and a political analyst specializing in American and Middle Eastern affairs. Currently residing in Qatar, he has established a unique presence in two distinct fields. In the digital realm, Awais is widely known as "Mox Owais," a content creator and coach dedicated to empowering content creators and influencers across the Arab world. Through his YouTube channel and other platforms, he provides in-depth tutorials and analysis on the algorithms of social media giants like Instagram and TikTok. He offers specialized training courses via the "Acadimiat" platform, designed to help individuals and brands build a robust digital presence and achieve viral growth. He also operates his training brand, "Owais.media," which focuses on digital media consulting and coaching. In parallel, Mohamad Awais is a regular commentator on prominent Arabic news channels, including Al-Ghad, Al Hiwar TV, and Mekameleen, where he is introduced as "Dr. Mohamad Awais." In this capacity, he offers insightful political analysis on U.S. foreign policy, the Palestinian-Israeli conflict, and regional developments in the Middle East, often presented as speaking from Washington. This aspect of his career highlights his deep knowledge of international affairs and his ability to dissect complex political events.

Achievements of Mohamad Awais

As a digital media coach and expert, Mohamad Awais has successfully established an influential personal brand under the name "Mox Owais." He delivers specialized educational content and training courses through the Acadimiat platform, where he has guided hundreds of content creators in understanding and leveraging social media algorithms for growth and visibility. Mohamad Awais has also cemented his role as a trusted voice in political analysis, appearing regularly as an expert on American and Middle Eastern affairs for major Arabic news networks. His media contributions showcase his ability to provide in-depth insights into international policies and their impact on the Arab region, making him a go-to analyst for many viewers.
