## Who is Mutaz Shakhanbeh

Dr. Mutaz Shakhanbeh is one of Jordan's leading consultants in plastic, reconstructive, and burn surgery, recognized for his distinguished career and international expertise. He holds both the German and Jordanian Boards in Plastic, Reconstructive, and Burn Surgery, reflecting his advanced qualifications and commitment to the highest global medical standards. Dr. Shakhanbeh founded his private clinic in Amman's Fifth Circle, establishing a specialized center for advanced surgical and aesthetic procedures, drawing on his strong academic and clinical background. With over twelve years of experience, Dr. Shakhanbeh trained and worked at top hospitals and universities in Germany, mastering the latest surgical techniques. His core specialties include facial and body aesthetic surgery, such as deep plane facelifts, ultrasonic rhinoplasty (Piezo technique), body contouring, and the management of complex lipedema cases. He also has a special focus on reconstructive procedures following burns and trauma, making him a trusted authority in this vital field. Beyond his clinical practice, Dr. Mutaz Shakhanbeh is an active and influential presence on social media, sharing educational and scientific content about cosmetic procedures to raise public awareness of health and aesthetics. His transparent communication and commitment to providing accurate information have strengthened community trust in his medical services. Dr. Shakhanbeh exemplifies the modern surgeon—combining scientific excellence, professional integrity, and positive community engagement.
