Who is Wasim Zeyad Saleh

Dr. Wasim Zeyad Saleh is a distinguished Jordanian consultant specializing in orthopedic and spine surgery, born in Amman on April 6, 1984. With over 15 years of medical experience, Dr. Saleh is recognized for his profound expertise in complex spine and trauma surgeries. He currently serves as a spine surgeon at the Istishari Hospital in Amman and previously worked at Al Salt Governmental Hospital. [3] Dr. Saleh advanced his specialization through a prestigious Spine Fellowship at Istinye University and Liv Hospital Spine Center in Istanbul, Turkey. [4] His surgical expertise encompasses advanced techniques such as endoscopic discectomy, scoliosis surgery, joint replacement surgeries for the knee, hip, and shoulder, and the management of complex fractures. [3] Beyond his clinical practice, Dr. Saleh is a prominent medical content creator and influencer on social media. He leverages platforms like YouTube and Instagram to share educational videos about bone and joint health, demystifying complex medical topics and providing preventative advice to a large Arabic-speaking audience.

Achievements of Wasim Zeyad Saleh

Dr. Wasim Saleh holds a subspecialty certification in spine surgery from the Jordan Medical Council, an official recognition of his advanced expertise in this precise field. This certification places him among a select group of surgeons with this credential in Jordan. [3] Dr. Saleh completed a specialized Spine Fellowship at leading medical centers in Turkey, including Istinye University and Medical Park Hospital. During this fellowship, he trained in state-of-the-art minimally invasive techniques, such as Unilateral Biportal Endoscopy (UBE), enhancing his ability to provide optimal patient outcomes with minimal surgical intervention. [3] In addition to his fellowship, Dr. Saleh is certified by both the Jordanian Board and the Arab Board in Orthopedic and Trauma Surgery. These are among the highest professional qualifications in the region, underscoring his commitment to the highest standards of medical and surgical practice in his specialty. [4]
