Who is Zahraa Almousawi

Zahraa Almousawi is a Kuwaiti financial markets trader and analyst with over 11 years of professional experience in investing and trading. She is the founder of her own firm, ZA Investment, which specializes in providing educational and advisory services in the financial markets. Through her digital platforms, Zahraa offers technical market analysis, with a particular focus on foreign exchange (forex), commodities like gold and oil, and global indices. Almousawi utilizes technical analysis strategies to identify trading opportunities, sharing her insights and recommendations with her followers and clients across various channels, most notably her Telegram channel. She also provides specialized training courses for both beginners and professionals, aiming to empower them with an understanding of market mechanics and to develop their trading skills. Her professional profiles indicate that she is licensed by the Capital Markets Authority (CMA) in Kuwait, which reinforces her credibility as a coach and analyst in the field.

Achievements of Zahraa Almousawi

Zahraa Almousawi founded ZA Investment as a comprehensive platform for delivering educational and advisory services in financial market trading. Through her company, she has successfully built a community of traders who leverage her daily analysis and recommendations to make informed investment decisions. She offers extensive training courses covering both the fundamentals and advanced strategies of trading, contributing to the education of numerous individuals in Kuwait and the Arab world. Her programs emphasize the practical application of technical analysis and risk management, helping trainees build the confidence and expertise needed to trade effectively.
